

was to be equally divided between Mrs. Ellis' eighteen cousins. During her lifetime the money increased and today it is estimated that the estate is over \$750,000 in value. Two weeks ago Mrs. Ellis died, and now steps are being taken to divide the estate.

FIGHT FOR A GIRL

Keeps High Toned Cadillac Women Out All Night.

CADILLAC, Aug. 2.—The case of the Evelyn Institute of Manicures vs. Jennie Patton is still on trial before Judge Aldrich here and is the sensation of the hour. Jennie is a tall, 14-year fatherless girl, whose mother allowed her to go to the institute on representation that it was superior to the Cadillac schools, and that she would be made a teacher in a short time. The mother claims she found the girl peeling potatoes and corn and took her away. The institute attempts to recover the girl by a writ of habeas corpus. High toned Cadillac women occupied the first row in the court room last night and the case held on until midnight when the case light went out. Mrs. Obermaier, the woman in charge of the institute, is the same that had the blowout with Governor Luce about houses of prostitution in the lumber districts. The case was adjourned this morning for a few days.

BOY SMOTHERED

Under 350 Bushels of Wheat in a Lansing Elevator.

LANSING, Aug. 2.—Frank Bushery, a lad of 12 years, was in company with his father at Harriet Park elevator, on the Grand Trunk railway, yesterday, and while the father was loading cars with wheat the boy went upstairs and by some means fell into the hopper. The passage of grain became obstructed, and the father investigating discovered his boy buried under 350 bushels of wheat. More than an hour had elapsed before his body was recovered and life was extinct.

Cargo Record Broken.

ECANABA, Aug. 2.—The cargo record for the lakes has been again broken. The steamer Maryland of the Inter Ocean Transportation company sailed out of this port with 3,553 gross or 4,088 net tons of iron ore for the Illinois Steel company at South Chicago. She drew seventeen feet, four inches. The Maryland breaks her own record of 3,944 tons from Ecanaba to South Chicago last season. The next largest cargo was that carried by the Western Reserve of 3,317 tons of iron ore from Ecanaba to Ashabua. As soon as the big steamer Maryland, now being completed in South Chicago, gets into service the record will be once more broken. It is expected that the Maryland will carry nearly 4,500 tons on the same draught of water as the Maryland today. The new steamer will be built at Bay City for Harwood & Avery of Cleveland will carry only 3,000 net tons.

Republicans Numerous at Lamont.

LANSING, Aug. 2.—This was always a great county for republicans, but now the woods are full of them. The democratic congress and the squawback legislature have made hundreds of converts to the party of protection to American labor. We expect to carry everything this fall. We have begun to count already, and will keep it up long at Mr. Harrison and Reid and a complete republican state ticket shall have been elected.

When the steamer Valley City passed this port on her initial trip down the Grand, Lamont greeted her with waving flags and booming cannon. We expect much from the little steamer. Perhaps some day Grand river will become another Clyde and then Lamont will be no longer a modest hamlet, nestled in its arms, but a pretentious rival of Grand Rapids.

Want Five Cent Rides.

LANSING, Aug. 2.—The Capital Street Railway company, organized recently for the purpose of laying a street car line to the grounds of the Lansing Driving club and the Agricultural college, has received a serious setback at the hands of the township board of Lansing. It refuses to grant the new company permission to lay its track along the highway unless the Lansing board agree to carry passengers from the city to the college for five cents. This the company cannot do, as a portion of the distance is covered by the lines of the Lansing Street Railway company, a different concern altogether. The action of the board thus effectively shuts off the proposed line to the college.

Campau Thinks Edwin B. Off.

SAGINAW, Aug. 2.—Senator Warner says his resignation was never accepted by the governor and that he will go to Lansing Friday and occupy his customary seat in the senate. Governor Winans says his resignation was accepted and that he is no longer a member of the senate. Mr. Campau is inclined to think the governor is mistaken and will probably be able to convince the farmer that Mr. Warner's resignation was never received at the Capitol. Mr. Warner's vote will be very necessary.

Fire on a Stock Farm.

DETROIT, Aug. 2.—The buildings on Riverside stock farm, one and one-half miles below Trenton, owned by Mr. Fielding of Detroit were totally destroyed by fire this forenoon. The fire is supposed to have been started by some one smoking near a haystack in the barn. The foreman, named George, was overcome by heat and badly burned. By considerable hustling all of the live stock on the farm was saved. The damage is estimated at \$8,000.

Judge Cole's Brother Shot.

JACKSON, Aug. 2.—This afternoon the Hon. A. E. Cole received a telegram stating that D. S. Cole, a brother, had just been shot dead at Hastings, Neb. Judge Cole left the people's convention at once to go to Nebraska.

Michigan Banks Are All Right.

LYONS' LIVER PILLS
—every one of the painful disorders that afflict the liver and stomach. They cure the liver, cleanse the blood, and restore the system to its normal health and strength. It is a powerful general as well as a stomachic and nervous tonic, and is the only medicine that can be given to the system without any danger to the system. It is a legitimate medicine and a tonic, and is the only one for women's ailments, as certain in its effects that it can be given to the system without any danger to the system. It is a legitimate medicine and a tonic, and is the only one for women's ailments, as certain in its effects that it can be given to the system without any danger to the system.

FATE OF THE FAIR

It Is Still Held in an Unyielding Deadlock

BY THE OBSTINATE DEMOCRATS

Who Vote Down Every Proposition Looking to a Settlement—Palmer Called Down in the Senate.

WASHINGTON, Aug. 2.—The situation in the house has not changed. All absentees will be notified to return and all leaves of absence are to be revoked. If any absent members shall fail to return or notify the speaker that they are en route to the Capitol within the ensuing two days, the sergeant-at-arms is to enforce their attendance. Three recesses were taken this morning for the purpose of effecting some satisfactory solution of the question, but nothing was accomplished, although a conference was held attended by about seventy members, Mr. Dockery (democrat) of Missouri, presiding. Several propositions were submitted, but not entertained and a committee of ten members was appointed, five for and five against the world's fair appropriation, to consider the matter and report at a future meeting. It is now divided on the fair appropriation, its members being Messrs. Bankhead of Alabama, McMillan of Tennessee, McCrary of Kentucky, Cummings of New York and Culberson of Texas, who are opposed to the appropriation and Messrs. Dubois of Illinois, Williams of Illinois, Fellows of New York, Reilly of Pennsylvania and Shively of Indiana, who are in favor of it.

Breaking the News.
The anti-matter made several propositions but not one of them was voted on. One of these was to cut down the appropriation to one-half—\$2,500,000—and this was vigorously opposed by the other side, and even found some opposition on the part of some of the anti-matter. Another proposition was that a vote be postponed until the meeting of congress in December next, but this, too, met even more vigorous opposition from the advocates of the appropriation. They contended for \$5,000,000, and not a cent less. A suggestion that a loan instead of a direct appropriation be made met with a like fate. Similar treatment befell an effort to reach an agreement, providing that all the world's fair items be eliminated from the sundry civil bill, incorporated in a separate measure and voted on first by the house and, if possible, sent to the senate. The fair people objected to this on the ground that the senate already expressed itself on the appropriation, and such a bill would extend the session to an undesirable extent. Other propositions also failed of agreement and the committee, in their desperation, adjourned until 9:30 tomorrow morning.

Looks Bad for Gunn.
McBRIDE, Aug. 2.—Dr. W. H. Gunn, a traveling physician of Grand Rapids, who was arrested here last Tuesday for attempting a criminal assault upon Fannie Dougherty, a little girl of 11 years, was given a hearing and bound over to the circuit court. In default of \$500 bail he was committed to jail.

Here's a Pretty Mess.
MUSKEGON, Aug. 2.—Muskegon's two representatives, Messrs. Cook and Thatcher—both democrats—having resigned their seats a long time ago, this county will have no representatives at the special session of the legislature just called by the governor.

Steam Yacht Sunk.
WEST BAY CITY, Aug. 2.—When the steamer Sablac was coming up the river last night she ran into a steam yacht lying at Wheeler & Co.'s dock, and sank it. The yacht was owned by Capt. James Lake, and the damage is \$700.

Economized on Nails.
MILLIKEN, Aug. 2.—This morning Oscar Crane was siding a building here, the scaffold gave way, and Crane falling to the ground broke his collar bone and sustained internal injuries. He now lies in a critical condition.

The steam launch Penelope was launched at St. Clair Monday.

Month, Jackson county, postoffice is now on the money order list.

Six persons attended the prohibition city convention at Bay City.

The Manistee Volkszeitung has died from lack of circulation.

Congressman Burrows is ill with ulcerated sore throat.

James C. Marsh of Ionia is dead, aged 47.

Yankee Dispatch.
One day I made some reference to the clumsy and long-drawn-out way in which the Russian guns were taken up to the front. True, the roads were frightful, the mud being beyond all description, but I ventured to suggest that the progress of that artillery was, in many instances, lamentably slow.

"Wal," said the American, in broad Yankee twang, "I think you're right. They've been at it for months and there's very little promise of increasing speed. How long, now, do you think it would take Britishers to accomplish the same end?"

Actually, I had not the slightest idea, but I was not going to collapse before my Yankee interrogator, so I suggested, as an improvement on the existing state of affairs, that it would take us, say, about a fortnight or three weeks. "By the way," I continued, "how long do you think it would take the Americans to achieve a similar result?"

"Americans! Oh, that's a very different kettle of fish! Americans!" and with this he took out his watch, and glanced at it several times in meditative silence. "The Americans! Wal, I should say, as near as I can calculate, somewhere between twenty-five minutes and half an hour," and with this he turned on his heel with a self-satisfied air, leaving me to digest the comparison.—Irving Moslague in Camp and Studio.

For a lame back or for a pain in the side or chest, try rubbing a piece of flannel with Chamberlain's Pain Balm and binding it onto the affected parts. This treatment will cure any ordinary case in one or two days. Pain Balm also cures rheumatism. 50 cent bottles for sale by E. J. Warburg, drug-gist, 58 Monroe street.

ing. This afternoon the board of trade gave the delegates a carriage ride over the city.

Revoked Leaves of Absence.
WASHINGTON, Aug. 2.—Speaker Crisp has called the following telegram to be sent to absent members of the house, which number 142: "I urgently request your immediate attendance here. We cannot break the deadlock without a full attendance, and we cannot adjourn without disposing of the sundry civil bill. All leaves of absence are revoked." (Signed), CHARLES F. CRISP.

Committeemen Fail to Agree.
WASHINGTON, Aug. 2.—A failure to agree was the result of the meeting held this afternoon of the ten democratic members appointed as a committee to draft some proposition looking to a harmonious settlement of the world's fair matter. The committee was appointed at the conference of the democratic members held this morning.

There is a full page engraving of McKinley in The Herald's "Life of Benjamin Harrison." Notice our advertisement, Order at once.

When the Dinner Bell Rings
People ought to feel hungry, and when they feel hungry they ought to have good digestion. But, alas! they don't—frequently. That plague alike of the just and of the unjust; the abstemious and the glutton; of youth, middle-aged and life's end—the nervous indigestion—exacts dire penalties for appetite's appeasement in the shape of heartburn, wind on and uncomfortable distention of the stomach and general disturbance in the gastric region. Dyspepsia is now generally accompanied by biliousness, irregularity of the bowels, lassitude and nervousness, for each and all of which, as well as their cause, Hostetter's Stomach Bitters is the nation's chosen remedy. Malaria, rheumatism and kidney trouble, lack of strength and flesh and failure of appetite and the power to rest tranquilly are also overcome by the bitters.

Twenty Years' Experience.
C. D. Fredricks, the well-known photographer, No. 770 Broadway, New York, says:

"I have been using Alcock's Porous Plasters for twenty years, and found them one of the best of family medicines. Briefly summing up my experience, I say that when placed on the small of the back Alcock's Plasters fill the body with nervous energy, and thus cure fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pains in side, back or chest, indigestion and bowel complaints."

Excursion to Odessa.
The Machinist union, lodge No. 191, will give a grand excursion via the D. & L. & N. railway to Odessa Lake Sunday, August 14. Fare for the round trip, 75 cents; children, 40 cents.
